Hillside Politicians Dug Up **JORGE BATISTA**

From his home in
Mountainside to do
what he's told...

**infect Hillside with
politics that is killing
our community**

**Batista's scary
leadership...**

Remember that in 2005, Councilman-at-Large Jorge Batista resigned less than two months after his re-election.

**Ba-tista bought a house in
Mountainside before starting his
second term.** Batista, a real estate attorney in Hill-side, said that he **“didn’t think there would be a problem”** being a Hillside councilman while living on the other side of the county.

**Batista wants to run
Hillside from Mountainside**

No more zombie politics...
Stop the Batista-Menza bloodsuckers...get new independent leadership for Hillside.
